6 mil White/ Black Perforated Window VFW6/BLK6040

60/40 perf. (40% open) - REMOVABLE ADHESIVE

A 6.0 mil white front side and black adhesive side flexible vinyl film with a clear removable acrylic pressure sensitive adhesive on an 84# layflat liner. This film is designed to accept a variety of solvent & UV curable inks common to screen and offset printing. The removable pressure sensitive adhesive is designed for excellent compatibility with vinyl films to give clean removal from glass. The layflat liner offers good dimensional stability in a variety of ambient conditions.

FOR INTERIOR APPLICATION TO GLASS

6 mil Clear Perforated Window Film VFC6-6040

60/40 perf. (40% open) - REMOVABLE ADHESIVE

Clear Perforated Window Film is a 6.0 mil clear flexible vinyl film with a low tack clear repositionable acrylic pressure sensitive adhesive on a layflat liner. This film is designed for use on a variety of solvent and eco-solvent inkjet printers with OEM inks. May also be printed using UV screen and UV Offset processes. The removable pressure sensitive adhesive is designed for excellent compatibility with vinyl films to give clean removal from glass. The layflat liner offers good dimensional stability in a variety of ambient conditions.

Interior mount requires the printer to reverse image one or more colors then provide a full coverage white coat behind the complete image area. Then an opaque black final coat on top of the white is necessary to provide visibility outwards through the window. **Recommended laminate is Concept 242- [click here for info](#).**
