Outdoor Durability - up to 3 years

smooth chrome silver

engine turn gold 1" large

rainbow brite overall

brushed gold

diamond plate silver

hammered leaf gold

Our VinylEfx® Outdoor Durable Series, which provides up to three years of outdoor life, is comprised of a variety of cost-effective simulated metal, light-diffracting and 3-D patterns, designed for long-term outdoor signage. For demanding applications such as truck and boat graphics, the VinylEfx® Durable Series films provide a superior alternative to the expensive simulated gold-leaf films.

RTape VinylEfx® is exceptionally suited for general purpose signage applications and a cut above other "special effects" films thanks to a proprietary deep-embossing technology that provides a crisper three-dimensional appearance to each pattern. **Because the VinylEfx® is vinyl, not polyester, they require no top coating prior to printing! They print, cut, weed and handle just like intermediate vinyl.**

RTape's VinylEfx Decorative Metal Flake vinyl film is an extruded rigid, metalized PVC with a permanent clear acrylic adhesive. RTape VinylEfx Decorative film is designed for digital printing and plotter cutting. It's distinctive eye-catching patterns and colors add pizzazz to any graphic. RTape Decorative VinylEfx® can be printed with any non water-based ink system, computer cut, steel rule die cut, thermal die cut, embossed and domed. VinylEfx Decorative Series is designed for interior use. Can be used in short-term outdoor (up to six months) depending on environment, but is not warranted. Exterior life can be extended with UV inhibiting lamination. **24" width**
