

# Premask Transfer Tapes & Paint Mask

**SERIES 4075 RLA- 100 yard rolls**

R Tape Conform Series® application tapes and premasks with RLA® Release Liner Adhesion lay flat and stick to slick release liners to resist tunnelling, wrinkling & edge curl, even when graphics are rolled.

- All Purpose application tape for the majority of signmaking applications
- Most popular application tape available
- Small and Medium size plotter and die cut lettering and graphics

SIZE	PRICE

## SERIES 4050 APLI-TAPE - 100 yard

SIZE	PRICE
24"	76.50
30"	94.50
48"	149.00

A medium- tack paper application tape, R Tape 4050 allows easier release of larger graphics and those with high gloss levels, and is also suitable for lifting printed graphics without the risk of damaging the print. Works well in wet applications. Economically priced. Has the same features of the Conform series but without the RLA Conform release liner adhesion additive

## AT-60 CLEAR

**Clear Application Tape 100 yd. roll**

AT-60 Clear Choice is an economical, ultra-clear application film which is priced as an alternative to standard grade application paper. AT-60 Clear Choice features a slightly tackier adhesive, which facilitates the transferring of problematic vinyl films. The new adhesive system is very forgiving. If adhesive touches adhesive, the Clear Choice film pulls apart easily, with no adhesive delamination.

SIZE	PRICE
12"	54.00
14"	68.00
24"	103.00
48"	167.00

**MACmark®**

## Paint Mask - Grey

Specialty grey transparent vinyl film designed for paint mask applications. The adhesive is ultra removable and the product is designed for easy cutting on all brands of plotters. Product removes cleanly from most substrates.

smooth chrome gold

# R TAPE® VinylEfx® Metalized Vinyl

Outdoor Durability - up to 3 years

smooth chrome silver

engine turn gold 1" large

rainbow brite overall

brushed gold

diamond plate silver

hammered leaf gold

Our VinylEfx® Outdoor Durable Series, which provides up to three years of outdoor life, is comprised of a variety of cost-effective simulated metal, light-diffracting and 3-D patterns, designed for long-term outdoor signage. For demanding applications such as truck and boat graphics, the VinylEfx® Durable Series films provide a superior alternative to the expensive simulated gold-leaf films.

RTape VinylEfx® is exceptionally suited for general purpose signage applications and a cut above other “special effects” films thanks to a proprietary deep-embossing technology that provides a crisper three-dimensional appearance to each pattern. **Because the VinylEfx® is vinyl, not polyester, they require no top coating prior to printing! They print, cut, weed and handle just like intermediate vinyl.**
