

Wrap vinyl & Laminates

KPMF WRAPS & LAMINATES!

KPMF Wraps & Special Effect Laminates, now available from Graphic Commerce Ltd.

KPMF Premium Car Wrapping Films are a range of dual cast PVC films, specifically developed for vehicle wrapping. These films are formulated using the latest advances in chemical and pigment technology to offer exceptional dimensional stability and long term durability. They range in thickness, from 3.3mil to 4.3mil, depending on the colour. These films are also removable, using heat and/or chemicals, up to 3 years after installation from a range of substrates. These films have a life expectancy of 7 to 10 years in vertical applications. *Color Card Available on request*

K80000 Hybrid Car Wrapping

KPMF Hybrid Wraps are superior quality soft Polymeric PVC films formulated by using the latest advances in PVC and pigment technology to offer exceptional dimensional stability and excellent long-term durability. They are suitable for long term applications in outdoor and indoor environments, offering excellent cutting and weeding properties. The combination of soft vinyl formulation and specific Airelease adhesive design offers excellent conformability and adhesion which allows the film to be removed without leaving adhesive transfer. Typical applications include total vehicle cover, vehicle graphics, signs and decal applications which require exterior exposure of 5 to 7 years. The material is designed to be removable, under controlled conditions, up to a period of three years.
