PINSTRIPING BRUSHES

Kafka Signature Series Scrollers series 1660

All Kafka signature series pinstriping brushes can turn corners without “flare-out” and without the user “rolling the brush”— just lift and work the tip for designs that usually take years to master. Works equally well with urethanes and oil-based enamels

Size 0 — 20.75 ea. The size 0 brush is the smallest available. It’s capable of turning very tight corners and very fine design work while still maintaining great line consistency due to the nature of design and combination of synthetic and natural hair.

Size 1 — 20.75 ea. The size 1 is slightly larger than the 0 and will perform the same as the 0 with a slightly heavier line. As with all the Kafka brushes, they perform with oil-based enamels as well as urethane striping paint.

Size 3 — 20.75 ea. The size 3 will work in a wide variety of applications from scroll striping to shorter, long-line designs. This brush will give the user greater control in all applications and flatten the learning curve for novice strippers. The size 3 is also the most used favorite of its designer, Steve Kafka.

Size 5 — 21.25 ea. The size 5, which is slightly larger than the size 3, holds more paint and will accomplish heavier designs with ease. Depending on pressure, the line thickness can reach 1/4” and fine lines to 1/16” in the other direction. This brush is a favorite for outlining larger flame layouts, cars, trucks, and semi trucks.

Size 6 — 21.25 ea. The size 6 will give you the heavier lines needed in many instances, but still can deliver delicate design work. It’s used for initial layouts followed by smaller sizes for more delicate additions in

Kafka Signature Series Longliners

This series of longliner brushes was designed to run consistent, long lines with greater line quality and control. The handles were left long so they may be trimmed to fit inside the web of your hand, or to use as they are. The longliner series has received incredible accolades from all of the top long-line pinstripers

Size 5/0 — 23.50 ea. The 5/0 is the finest longliner brush available. It will lay pin lines for incredible distances with ease and beautiful line quality. It soon will become the standard for the fine line strippers everywhere.

Size 3/0 — 23.50 ea. The 3/0 will match any brush currently available for fine line work, but surpasses them all for durability, line quality, and control.

Size 00 — 23.50 ea. The 00 is probably favored for lines on most cars. Other brands of brushes include the size 00, but when you use our other sizes the reason for us making a variety becomes clear.

Size 0 — 24.50 ea. The size 0 brush performs all longliner functions as the size 1, just not as heavy. Synthetic and natural hairs are used for long life, line consistency, and control.

Size 1 — 24.95 ea. Size 1, the largest brush of this series, holds lots of paint and will do over a 1/4” (6.4 mm) line with ease. It will also do fine lines with less pressure perfectly
